TECH SPECS

Dear Meeting Planner,

Thank you for choosing me to be a speaker at your upcoming event. It is an honor to be trusted with the privilege of delivering a message to your group from the platform. I take this very seriously. I won't disappoint you. Trust me.

My pledge to you is simple: **I will be one of the most low-maintenance speakers that you've ever worked with.** There are no prima donna's over here. There won't be any demands that you divide a bag of M&M's into different colors. There won't be any requests for a separate green room for my hair care products...I don't even have any hair! As a former conference planner, I know how stressful these events can be. With me, you can stop worrying about the speaker and focus on getting through the other 100 items on your to-do list. My goal is to make you look great and provide the first-class experience you and your organization deserve.

Here is a brief list of my (very low-tech) requirements:
